

THE GELBOTTLE INC

TGB SPA™ Mini tube Counter-top display unit (H2O Cream™) - ASSEMBLY INSTRUCTION

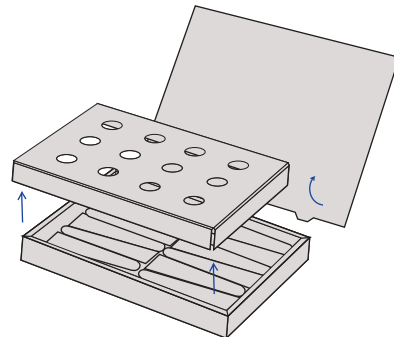

STEP 1

H2O Cream™ will arrive part assembled, wrapped in shrink wrap. Remove the plastic covering.

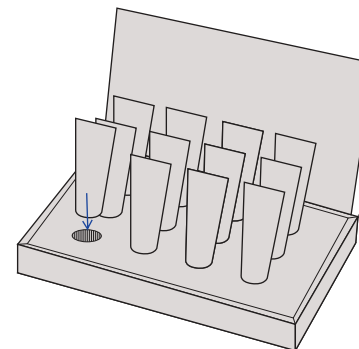

STEP 2

Lift the protective lid (keep this part as it becomes the back display board).

STEP 3

Lift the middle fitment with holes in, remove the 12 x mini tube from the tray.

STEP 4

Insert the back board into the slot at the back of the base. **Lightly place** the mini tubes into the display so they are standing with the logo facing forward.
